— Unique pieces made with traditional techniques appeal to us. Our collection is born from the traditional crafts that have been perfected by Portuguese craftsmen: the work of lacquered metals and noble metals such as brass and copper and the work of glass, both with a rich tradition in Portugal. All of our products are carefully made one by one, in a production balanced between state of the art processes and handmade details.

— Sentimos que peças únicas, feitas através de técnicas tradicionais são mais apelativas. As nossas coleções nascem a partir dos ofícios tradicionais que têm sido aperfeiçoados por artesãos portugueses: o trabalho dos metais lacados e de metais nobres como o latão e o cobre e o trabalho do vidro, ambos com rica tradição em Portugal. Todos os nossos produtos são cuidadosamente produzidos um a um, numa produção equilibrada entre os processos industriais mais avançados e detalhes de produção artesanal.

Embracing our crafts heritage, while up to date with the innovations and creativity developments around the world, *Utu soulful lighting* develops contemporary pieces with traditional Portuguese materials and techniques. This aspect is a constant in our creative process and produces high quality products: we mix what we do best – edgy creativity and experienced craftsman production. —

Abraçando a sua herança artesanal, enquanto acompanha a inovação e evolução criativas ao redor do mundo, a *Utu soulful lighting* desenvolve peças contemporâneas com base em materiais e técnicas tradicionais portuguesas. Este aspeto é uma constante em nosso processo criativo e resulta em produtos de alta qualidade: combinamos o que fazemos melhor – criatividade inovadora e produção artesanal experiente. —

— Long lines in bright tones. Up lamps are a subtle yet bold choice, with their colorful intersecting lines and eye catching dimensions.

— Bright tones, enhanced by delicate materials, embellish the settings where Up table lamp emerges as an important character, playing first role in defining the contemporary look on these both spaces. A rhythmic lacquered metal mesh makes these pieces surface textured and the light results soft and comfortable filtered by the cotton lampshade. —
